

Always at the forefront of design innovation, this month Stark takes inspiration to the next level with inventive use of natural materials. And we're making sure we don't just keep all the best designs for the adults with a special focus on carpet for children's rooms.

Stark & Innovation

Renowned for our imaginative use of carpet, Stark has taken creativity one step further and turned convention upside down by installing our Abaca range on the ceiling at The Wynn Hotel, Las Vegas. A fresh approach to the use of these natural and eco-friendly materials has transformed the large reception and bar areas in the hotel. Stark & New

Animal prints have always been a Stark Signature product, and this month we're adding Antelope, a wool/nylon mix woven Axminster carpet that features hardwearing construction whilst retaining a soft and sumptuous feel. Shown here, Antelope is both striking and seductive, and suitable for commercial and residential use. ([Click here](#) to see the other colours in the range and order samples online.)

Stark Commitment

With over 500 desirable designs in our showroom, we work hard to ensure we can offer you a flooring solution to meet all budgets. As always, it's backed by a first class service from a professional sales team who will work with you all the way from the initial selection process right through to final fitting. To discuss your requirements, please call Judy Afia or one of the team on 020 7352 6001.

Stark & Children

Not content just to make adult rooms sensational and luxurious Stark has a wide variety of rugs and carpets that will make any children's room look and feel great too. So whether it's a soft pastel look or dramatic primary colours there'll be a Stark product to suit. Featured here Candy Stripe is one of our most popular childrens designs.
