

STARK® &...

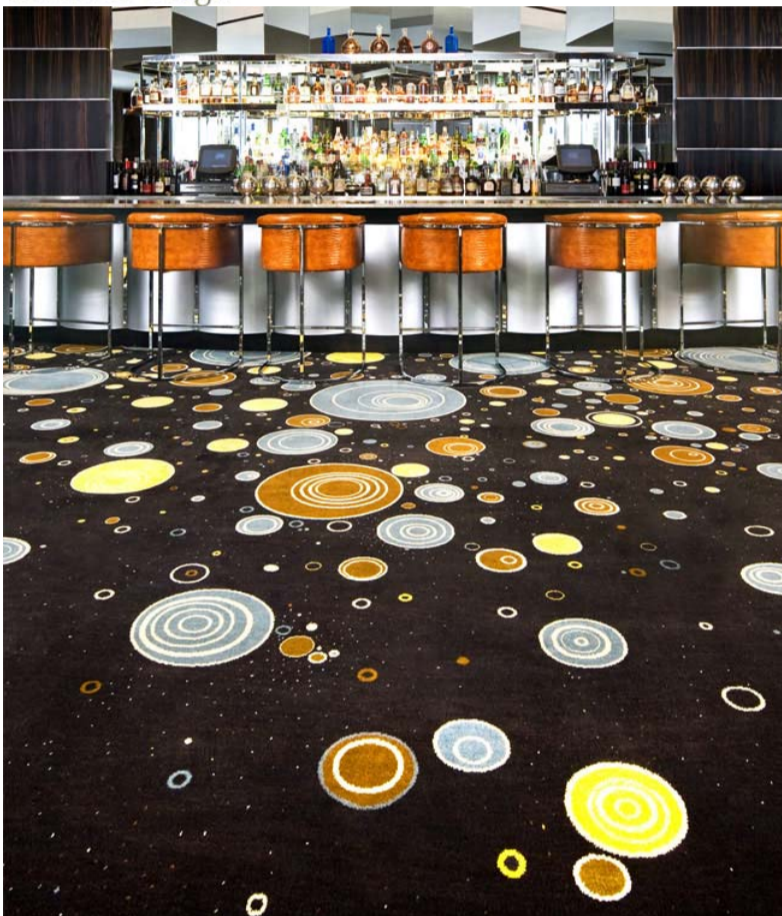

This month we highlight a brand new range of naturally sourced carpets, take a trip to the elegance and grandeur of New York's Empire State Building, and feature a classic collection from Missoni that is consistently amongst our most requested ranges.

Stark & New

Beautifully crafted in Abaca fibre, grown from the banana plant, the Broadwalk range of natural carpets are remarkably versatile, due to their unique construction. Hand applied extra thick backing means they can be installed & fitted conventionally over any underlay, installed over underfloor heating, and all with the assurance of perfect pattern matching, marking a real breakthrough for a natural fibre carpet. Stark & Rugs

Installation at Empire Rooms, Empire State Building, New York.

With an Art Deco-themed interior that harkens back to the golden age of the 1920s and '30s, and a huge 3,500 square feet floor area The Empire Room is a new bar and lounge on the ground floor of The Empire State Building in New York. Previously home to a post office it's been transformed into one of the entertaining destinations in Manhattan, not least through the stunning Axminster carpet that was custom designed and manufactured by Stark, to emphasise the sheer grandeur of the room.

Stark & Classic

Missoni Broadloom Collection

The Missoni brand is renowned for creating dramatic design in both fashion and interiors, and is instantly recognisable for assembling stunning colour combinations.
