

STARK &...

This month we're bringing some modern interpretations of classic designs, and a splash of colour to our featured products as we look forward to lighter days and the first signs of Spring.

Stark & New

These new traditionally woven Brussels weave carpet and rug designs are the latest addition to The AM Collection from Stark.

Striking a perfect balance between contemporary influences and classic design they are made from pure wool and are available in three designs and three colour ways to provide a really versatile range.

Stark & Stunning

From The Thomas Jayne Collection at Stark this beautiful hand knotted design is crafted from 100% wool, or a wool and silk combination for an especially luxurious feel underfoot and can be produced as a rug or close covered carpet. [Please click here to view other rug designs.](#)

Stark & Classic

A classic from the Stark portfolio and a perennial favourite, the Woodard Weave cotton collection revives the antique American rug look with a modern feel. The range comprises hardwearing, handmade runners and rugs drawing on artisan designs with a finished look equally at home in traditional or contemporary settings.
