

It's hard to believe we're already well into the New Year and pretty much most of the way through January. As ever we're busy introducing new products, and thinking about ways in which we can improve our client service levels. We're looking forward to re-launching our website very soon, but in the meantime do take a quick look at our revised Stark Commitment which we hope reflects what you value in a carpet and rug supplier...

Stark Installation

Carpet installation is a delicate blend of art and craft, helping to accentuate the beauty and finish of a fine carpet, whilst ensuring it fulfils its primary purpose as floor or stair covering.

The team here at Chelsea Harbour are very experienced in managing the fine details of layout and fitting, and are used to overseeing our installation teams onsite. We're always happy to discuss specific project requirements and advise you on the optimum installation method.

Stark Commitment

Here in our Chelsea Harbour showroom we hold a constantly changing selection of over 500 designs from our diverse collection of products drawn from both classical and contemporary origins and specially selected from our extensive stock ranges and bespoke custom products from the best mills and craftsman around the world. Our sales team are with you all the way from the initial selection process right through to final fitting, so give Judy Afia or any of them a call now to discuss your requirements, on **020 7352 6001**.
